'60 GLORIOUS YEARS IN THE CAUSE OF EDUCATION'

To
Dr.Manohar Chary,
Prof. Emeritus,
Department of Botany,
Osmania University, Hyderabad.

Sir,

*Our College is Organizing **Hands on Experiments Workshop** with a theme, **'Science for Success'** on **Friday, 10th January 2014**. The main vision behind this is to create interest in Basic Sciences among students. About 200 intermediate students (**10+2**) level of different Colleges in twin cities are going to participate in this Workshop. We feel that if a person of your knowledge, experience and wisdom would address the students on the topic **'Science as a Way of Life'**, it would have a great impact on their young mind. I would like to extend an Invitation to you to speak in this event on the topic **'Science as a Way of Life'** and **inspire students at 4.00 PM.***

Please accept our request and give your consent.

Thanking You,

Yours Sincerely,

PRINCIPAL
